

PASS/NO-PASS COURSES

Pass/No Pass Courses

Title 5, California Administrative Code 55022, permits the granting of credit toward a degree or certificate for courses completed on a Pass/No Pass basis. All sections of the course must be offered in the same manner. Courses may be offered for Pass/No Pass in either of the following categories and will be specified in the catalog:

Pass/No Pass Policies and Procedures

No more than fifteen (15) units of Pass/No Pass courses may be completed at Cerritos College, nor may more than fifteen (15) units earned on a Pass/No Pass basis be applied toward the Associate of Arts degree. Some courses are graded entirely on a Pass/No Pass basis. Units earned in such courses shall not be considered as a part of the fifteen (15) unit limit in the optional Pass/No Pass policy.

Electing Pass/No Pass

- The decision to elect Pass/No Pass grading must be made no later than the last day of instruction for the specific session for which the student is enrolled as published in the college's schedule.
- Pass/No Pass forms are available online or in the Admissions and Records Office in the Administration Building. Forms must be received and processed by the Admissions and Records Office in order to receive the Pass/No Pass notation.

A grade of "P" is earned for coursework equal to a grade of "C" or better. A grade of "NP" is earned for coursework equal to a grade of "D" or "F". Neither "P" nor "NP" grades are used in computation of grade point average; however, P/NP units will appear on the transcript of record.

Units attempted for which a grade of "NP" is recorded shall be considered in probation and dismissal procedures. Students may not repeat a course using the P/NP grading basis for a course previously taken for a letter grade.

Non-Optional Pass/No Pass Classes

These classes are offered on a pass/no pass basis only and are graded entirely on a pass/no pass basis.
