

TRANSFER CENTER

Overview

The Transfer Center is designed to guide Cerritos College students to four-year colleges and universities. The Transfer Center offers university tours, information on transfer programs and admissions requirements, and personal contact with college and university representatives through university fairs and individual appointments. Additionally, the Transfer Center coordinates the Transfer Academy, which is a transfer preparation program that focuses on assisting students in transferring to their university of choice and earning scholarships through educational planning, building community through "Transfer Talks," and providing scholarship, transfer, and application workshops.

For further information about the Transfer Center and its services, visit www.cerritos.edu/transfer (<http://www.cerritos.edu/transfer>).
