[1] The list below is all Cerritos College courses approved to be offered in a distance education modality. Not all courses are offered each semester. Refer to the schedule of classes for specific information about class offerings in a specific semester.

California Virtual Campus

Cerritos College is part of the California Virtual Campus (CVC). As a Home College in the CVC, Cerritos College students are able to access online classes available at other California Community Colleges without having to apply to that college or worry about requesting transcripts. Students interested in this opportunity can review the CVC course schedule at www.cvc.edu (http://www.cvc.edu). In fall 2023, Cerritos College will also become a Teaching College in the CVC. When this integration is completed, students from across the state will be able to enroll in Cerritos College classes through CVC while enrolled in their home college.
