PRE-APPRENTICESHIP (NON CREDIT)

CERTIFICATE OF COMPLETION

Apprenticeship programs offer related classroom training while on the job. Each program offers hands-on-training in the construction trades. The apprenticeship programs do not offer individual classes. You must be accepted as a student by the apprenticeship program and become a registered apprentice with the State of California to take these classes. Apprenticeship programs are open entry/open exit. Apprenticeship programs may run from 3 to 5 years depending on the trade.
