

STUDY ABROAD PROGRAMS

Everyone can Study Abroad!

Study Abroad at Cerritos College is a great opportunity, no matter who you are or what stage of your academic journey are you in. Participants receive GE college credits, learn important skills that increase applicants competitiveness for jobs and internships, and are immersed in a new experience, culture, and history. Students who study abroad generally achieve higher GPA, degree completion, graduation rates, and internship opportunities.

Cerritos College offers Short-term, Faculty-led Programs - These *for-credit* experiences are offered during summer and offer 6 weeks of instruction (typically about 2-3 weeks at Cerritos/online and 2-4 weeks abroad).

All Cerritos programs are open to all, including current, new, and graduated students, as well as students attending another school over the age of 18. Cerritos Enrollment is required.

Past destinations include:

Italy, England, Japan, Taiwan

Future destinations include:

Puerto Rico, Taiwan, Costa Rica

Additionally, there are creative ways to fund your study abroad experience, including scholarships, fundraising, and financial aid.

Visit the Study Abroad homepage (<https://www.cerritos.edu/academics/studyabroad/default.htm>) for destinations, information session dates/times, and for more program details and application instructions.
